3M POST
RECYCLED PLASTIC DECKING FRAME

If you want to install a raised deck, it is important to have the correct structural system. Cladco Recycled Plastic Posts have been designed to be part of your deck's substructure. These Recycled Plastic Posts are low-maintenance, high-quality and structurally sound to support Timber, Composite or PVC Decking.
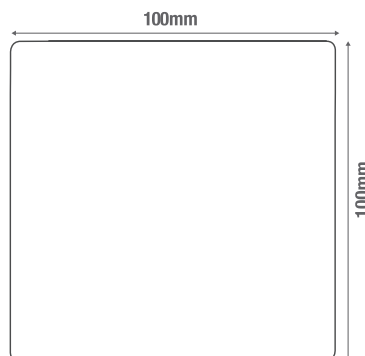

Cladco Recycled Plastic Posts are made using 100% post-consumer plastics, which are shredded, melted and poured into moulds.

TWENTY YEAR 20* WARRANTY

SPECIFICATIONS

Each Post measures	3000mm x 100mm x 100mm
Each Post weighs	27kg (approximately)

Posts are available in black colour, measuring 3m long and 100mm x 100mm in width and thickness.

POST CENTRES

Cladco Recycled Plastic Posts are used to support Joists every one metre for the Decking frame. When installing Composite Decking onto Recycled Posts and Joists, we advise 400mm centres.

For Recycled Plastic Joists and Nordeck Decking installations, we advise 300mm centres. For more information on how to install correctly, consult our Installation Guides.
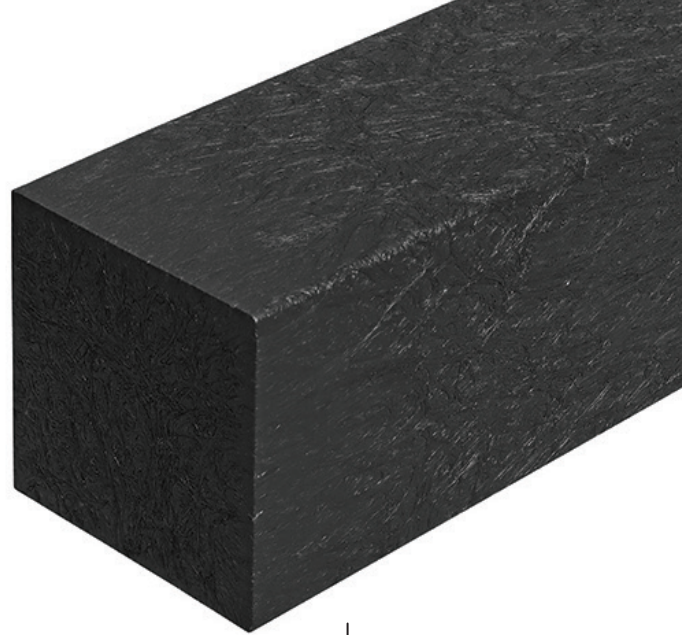

Superior strength

Manufactured from 100% recycled materials

Low-absorption and rot proof

Use on concrete, grass or uneven ground

MATERIALS
